

“If you’re wondering what you could possibly learn from a woman who fell in love with a convicted killer and then smuggled him out of prison, you just might be surprised.

I vividly remember covering Toby’s story as a television news reporter in Kansas City, Missouri. Everyone wanted to know, ‘What was this woman thinking?!?!?’ Now, you will find out.

## Toby’s story is shocking and inspiring and raw and REAL.

You will laugh, you will cry and you will THINK as she describes her journey from a quiet suburban mom to the *dog lady*. A remarkable tale of inconceivable choices and then, finally, redemption.”

## UNLEASHED

*Your book is phenomenal! I found it genuine, courageous and engaging. It is a “take responsibility and learn from it, endure it, be strengthened by it” not an “Oh woe is me...I’m a victim.”*

*I loved, loved, loved it.*

- Dr. Sharon H, physician
